Mary, Mother of God Preschool is a program that is aimed at providing a religious foundation for preschoolers in an enriching educational environment. Children must be 3 or 3 years old by October 1, and they must be toilet trained to be eligible.

The school year begins in September and ends mid-June. We will follow the Hillsborough Public School calendar in regard to days off and school closings due to weather.

This program is designed to promote intellectual, emotional, spiritual, and social growth based on age appropriate activities. The curriculum includes arts & crafts, creative expression, bible stories, music, prayers, perceptual, and motor development, number and color concepts, and seasonal programs.

In addition, this program aims to be organized and structured; however, the children are given plenty of free play/choice time at various learning centers (i.e. painting, dramatic play area, block/toy center, book corner, puzzles.) A snack is provided daily. We ask that play clothes be worn so that the child is comfortable. Sneakers are required for gym. Opportunities for movement and physical activity are available each day, both in the classroom, gym, and outdoors (weather permitting).

Mary, Mother of God Enrichment Program is concerned about teaching each child about God's love and His world. We give each child the knowledge of God and help in making each child feel special and loved in His world. We use positive discipline and teach the children to behave appropriately by intervening when necessary planning, and showing love and encouragement. This is done with respect to the child, the group, and the adult.

According to the State of New Jersey Division of Youth and Family Service Certification, the following conditions are met:

- Teachers are experienced working with children, have CPR training, and are approved by the State of NJ. Yearly Fire and Health Inspections are conducted. Fire drills are held monthly, and general safety concepts are part of our curriculum. The school is spacious and well maintained.
- The student/teacher ratio does not exceed 1:10 for 3 year olds or 1:12 for 4 year olds. For each session, there will be a full-time approved teacher and qualified teacher's aide.
- Parents provide transportation to and from school. Permission forms for carpooling will be available to you. We have a very strict policy in regard to releasing children only to someone you have designated.
- A physical exam and immunizations are required before entering school.
- Parents of enrolled children may come at any time; others are asked to make an appointment. Also, the teacher will be available to schedule a conference at your request anytime throughout the year.
